Budget Subcommittee
Transportation & Homeland Security

November 21, 2003

To Whom It May Concern:

I am writing this letter in support of the Whitewater Canal Trail in Franklin County. Rail trails are a great way for citizens to ride bikes, walk, and run. The local area is enhanced and history is preserved. Also, property values near the trails increase. It is also an educational resource for schools, scout groups, and many others.

I wholehearted support the Whitewater Canal Trail project. If you have any questions, please don't hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Bob Jackman" followed by a stylized flourish.

**Bob Jackman, D.V.M.
State Senator**
