IN RE: Whitewater Canal Trails Committee

To Whom It May Concern:

We would like to take this opportunity to extend our fullest support for the Whitewater Canal Trails Committee. Their efforts are bringing forward a true asset to our community. We have been so enthusiastic about assisting the Committee that we have been providing community service persons through our Pre-trial Diversion program to provide manual labor. The Committee is most certainly worthy of any grants which are available to them.

Sincerely,

MELVIN F. WILHELM
Prosecuting Attorney
